THURSDAY, JANUARY 3

Our immediate past president, **Jay Dirnberger**, will talk about *Unmanned Aerial Vehicles or Drones*. The drone industry has expanded exponentially over the last three years when Jay last spoke to us and it is now a multi-billion dollar global endeavor. Drones serve the military forces of friends and foes and provide assistance to national and municipal organizations and commercial enterprises. Jay served in the U.S. Army as an Infantry Captain and was a helicopter pilot with the 1st Cavalry Division in Vietnam and the 18th Airborne Corps at Fort Bragg.

THURSDAY, JANUARY 10

Grammy nominated musician **Chris Brubeck** will talk about "the life of a modern-day composer and jazz musician." He will show a video of one of his pieces and may play and discuss some other samples. Chris had been a long-standing member of the Dave Brubeck Quartet, writing arrangements and touring and recording with his father's group for over 20 years.

THURSDAY, JANUARY 17

Our own member, **Leonard Everett Fisher**, will present "Past Is Present: Creative Connections Revealed." Leonard attended Yale after his World War II military service, where he earned bachelor and master degrees in fine arts. His visual works are part of collections in the White House, the Library of Congress, the Yale Art Gallery, the New York Public Library and many other prestigious galleries. He is also a past president of the Westport Library Board of Trustees and is currently a board member of the Westport Arts Center.

THURSDAY, JANUARY 24

Bill Mitchell, one of Ed Mitchell's two sons, will bring us up to date on what Mitchells is today. Ed Mitchell founded the store in 1958, with three men's suits, a coffee pot (brought from home) and 800 square feet of space. Today there are eight Mitchell owned stores. It truly is still a family business with Bill and his brother Jack having their children and grandchildren active in the business.

THURSDAY, JANUARY 31

Mark Albertson is historical research editor at Army Aviation magazine based in Monroe and is the historian for the Army Aviation Association of America. He teaches history as an adjunct at Norwalk Community College. His talk is titled "American Putsch." He will tell the story of how, in 1933, retired Marine Corps Major General Smedley Darlington Butler reported to Congress the existence of a Wall Street plot against President Franklin D. Roosevelt. Some of those implicated -- the Du Ponts, Morgan interests, the Pitcairns, Remington Arms, and elements of the American Legion – were attempting to erect a Fascist regime.

PRESIDENT'S MESSAGE

Another year has begun, and we look forward to some exciting speakers, trips and activities together. The new year brings some changes. The Global Issues Group, enjoying its own success, has moved to the Saugatuck Congregational Church for its twice monthly meetings. The hiking groups are exploring new venues. The Trips and Events Committee is breaking new ground with trips to many new and different locales. And, our Thursday meeting speakers span the range from the arts, to retail, to the history of warfare. So, plan to stay engaged with all that the Y's Men has to offer. Our success depends on your being part of the fun.
